### **Introduction**

Brompton Lakes is a holiday retreat set in 26 acres of park land, on the edge of the Yorkshire Dales near the market town of Richmond. There are 20 contemporary styled eco lodges built around two fishing lakes next to the River Swale.

Situated halfway between the villages of Brompton on Swale and Easby, access by car is easy – just two miles from the A1 and two miles east of Richmond on the B6271.

The lodges are built around two fishing lakes but are set back from the road hidden behind the natural contours of the land and trees for added privacy. Access to the lodges is varied, please refer to the individual lodge information for details. Some are suitable for wheelchairs, are dog friendly and have private fishing pegs.

The park does not have any centralised facilities, such as a shop or café and has been designed as a retreat, making for a relaxing environment. Day-to-day requirements and evening entertainment can be easily found in the local villages or Richmond itself.
